Plans for the future

On Thursday we had a visit from a surveyor from Leicestershire Council. He came to look at our plans for an extension to our school in preparation for when we have Year 6 in school.

Lego League Tournament at Loughborough University

Five members of our school were thrilled to take part in the First Lego League Tournament at Loughborough University on Saturday 9th January with Mrs Cobbin. We were the youngest team in the competition and were delighted to be awarded our first Lego League Cup for showing great spirit!

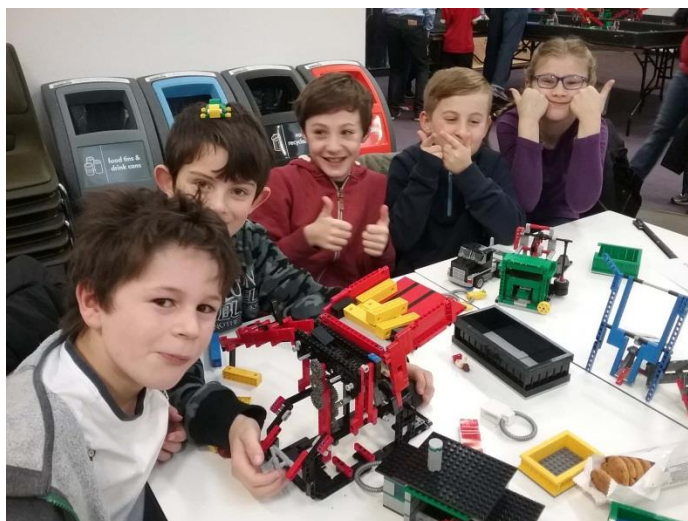

'I think the best bit was looking from the balcony and watching the competition. The different teams used their robots to move and knock things over and score points.'

'My favourite was watching the other robot's doing their jobs and making the robot do the jobs I told it to do.'

'My best bit about the Lego Competition was that we got to see the other teams competing in the arena.'

*'My favourite bit was when we were in a room and two robot technicians were talking to us and there were Lego models in the room and we accidentally knocked them over.
It was funny.'*

Sainsbury's School Games Award
We are very proud that we have been awarded the
Sainsbury School Games
Bronze Award for 2014/15
for all our contributions to PE, Sport and Games for last year. The PE premium has made a huge difference to us and PE teaching, competition and participation at Belton has gone (and goes from strength to strength).

'The best part of the Lego Competition was getting the prizes and seeing all of the different robots.'
