Arranging artwork for display

- Think about your audience.
- Arrange your work.
- Try out combinations.
- Add labels.

Using a roller for printing

- Not too much ink.
- Roll in different directions.
- Aim for a thin layer all over the roller.
- Listen for a sticky 'hissing' noise.

Three-dimensional (3D) art is also known as relief artwork.

Make artwork relief by making shapes stand out from a flat surface and become a piece of three-dimensional art.

Overlap different materials to mix colours.
