## Extension News

The holes were dug on Wednesday and the foundations checked and things are looking good. A pre start meeting has been held and the building work will begin on Wednesday 4<sup>th</sup> January 2017 with an end date of 21<sup>st</sup> April 2017. There will be a temporary driveway across the field from the main road for vehicles and all items of building materials etc. will be stored on the lower playground. All building works will be securely cordoned off as the safety of our children and school community is paramount.

There will be new, temporary arrangements for entering and leaving school from the beginning of December and we ask for your co-operation and patience at this time. Thanks you.

We will let you know more details following our governor Health and Safety meeting at the end of November. The plans will then be available for you to see.

**to a ramble on Friday 25<sup>th</sup> November**

*We did this last year and it was such a success we have decided to repeat it!*

The ramble starts at 1.15pm and all are welcome to join us. We are going to walk through the village and across the fields then back to school. The walk should take about 45 minutes. It is not suitable for pushchairs and we would ask that if you do join us you don't bring dogs as some children are frightened of them. When we get back to school we will be serving refreshments and Alice Styles' singing group will be performing some of the songs they are learning. We hope you will be able to join us.

*We will be asking for donations for Children in Need for the ramble and for refreshments.*

*Children will need boots and coats on this day for the ramble.*
