

Belton Update 25th September 2020

A short update for you today but it has been a fabulous week in school – although I think it is safe to say the weather does seem to be turning a little colder – keep bringing those coats and full outdoor PE kit to school. I am really pleased to say today is the first day we have had every single child and staff member in school. It has been brilliant! I hope we can keep the nasty bugs away for as long as possible!

Next week I will be sending out a letter regarding our approach to home learning in the event of any closure. As previously said we will be working on Google Classroom quite significantly. I have learnt this week you can download the app onto a PS4, Smart TV and Xbox one and then if you get a wireless keyboard it can work really well - worth knowing!

We will also be celebrating Harvest on Monday.

Please can your child bring a donation of a non-perishable item on Monday 28th September to school. The donations will be for the foodbank. Harvest will now take place in school. Vicar Louise will lead an act of worship for each bubble. No parents will be allowed but each class will be sharing something they have done in class during each individual session. We are going to try to put a little video together to share with you.

Certificates this week

Tigers - Stars of the week – Oscar and Lewis

Owls - Libby - Mindset Champion, Mathematician - Nancy, Handwriting - Sam and

Star of the week - Charlie
