Ofsted Success

We are delighted with our recent Ofsted report received this week and have had many positive comments from parents and governors. The staff here are incredible and their dedication, determination and passion for the school, combined with continual support from parents and governors, has resulted in this judgement. I have been asked "How can we be outstanding – what do we need to do? This is a very good question as we are very nearly at that judgement! With the changes to Ofsted grading and the length of the inspection this is not an available option on a one day inspection. We are a good school which I am very proud to lead. We are a school in which we are continually seeking to improve and enhance opportunities for our pupils (your children). If anyone wishes to comment on the report please do have a word with me.
