

House Day

We had a wonderful day on Tuesday in our houses where we looked at the word

RESPECT.

We did drama, art, writing and focused on respect and what it means and looks like. Then we shared all our work with each other in an assembly at the end of the day.

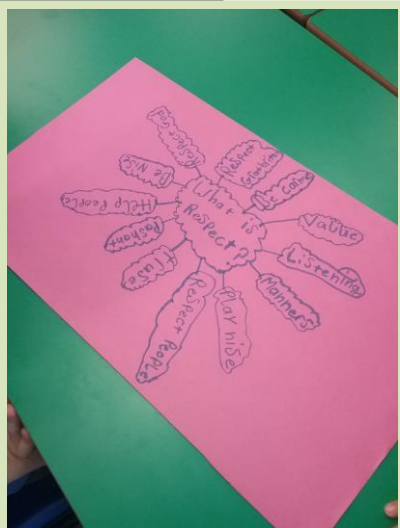

This picture shows some of the children from Oak house putting together ideas about producing a poster about respect.

"We enjoyed looking at respect in the community, in our environment, between ourselves and at home and we made large posters about our ideas."

Willow house:

"We had fun brainstorming ideas about respect and then we acted out scenarios about respect".

Building Character, Motivation and Resilience for Learning

Yesterday we had a great day with Steve Harris on building character, motivation and resilience for learning. He worked with Year 4 and 5 children and then Year 2 and 3 children. He then trained the staff and talked to parents and governors.

This underpins all our work in school as attitude to learning is vitally important. Handouts are available for parents if you were unable to attend and we will put these on the website under the parent tab for your information. If there is enough support I will ask Steve Harris to return at a future date to do another parent workshop – so please do let Mrs de Looze know.

We will be focusing on the development of certain characteristics and look forward to sharing our work with you.

Jeans for Genes Day

We all enjoyed dressing in denim today raising money for this very worthwhile cause. We all enjoyed juice, cakes and biscuits at morning break, served by school council members. Thank you for your support. We have raised over £150 for this great charity.
