

AS WRITERS...

We will be looking at Japanese Haiku's about the water cycle to link in with Geography. We will be studying the Welsh myth of Beddgelert before attempting to write our own. We will also use our skills in other subjects such as writing a newspaper article on Emmeline Pankhurst in PSHE.

AS MATHEMATICIANS...

We will be using all of our knowledge in mastering activities, both mental and written. We will continue with our work to master the four operations before using this learning to support us with working on fractions.
A continuous thread for both year groups will be applying their knowledge, especially times tables, to reasoning problems. .

AS HISTORIANS...

We will be looking at the big question

How did a pile of dragon bones help to solve an ancient Chinese mystery?

? An important objective of this enquiry is to enable pupils to understand that the vast majority of objects and inscriptions that the Shang left behind provide an insight only into the ways of life of a tiny minority of people: the wealthy and most privileged.

BADGERS

AUTUMN 2022

AS LINGUISTS....

We will learn about the home and how to describe rooms of the home. We will undertake some lessons with our French partner school.

AS PEOPLE OF FAITH IN RE..

We will be thinking carefully and trying to answer the question Why do some people believe in God and some people not?

AS DESIGNERS...

We will research different playground equipment and their forms, before designing and developing a list of apparatus to meet a list of specified design criteria.

AS SCIENTISTS...

This unit is designed to help you understand the way living things are classified and how they interact with each other for survival. You can learn about how to think about different living things by the mnemonic MRSGREN. This unit can also help you think about the importance of habitats and how we should help conserve them.

Many jobs require an understanding of classification, anatomy and habitat, such as vets, doctors, environmentalists and scientific researchers. In any case, we rely on the animal and plant kingdoms to survive, so it's best we know how to conserve them!

IN PHSE...

We will learn about how to keep ourselves healthy through eating healthy, sleeping well and using Yoga to help us relax.

IN ICT...

We will learn how to use the Internet safely to search for information about our topic on the Shang Dynasty. We will also learn how search engines work

AS MUSICIANS... In this unit, children will build upon their prior learning about the power of their voice; creating and using different sounds in different contexts. Children will interpret, practise and perform graphic scores using a variety of vocal sounds. They will learn about musical notation and match it to audio tracks. They will also combine sounds to create class and group compositions.

AS SPORT STARS ..

The children will learn all about team work through team building challenges and orienteering. While we will also learn the skills required to be a gymnast.
